#### Monroe's 2013/2014 Municipal Budget Process

The proposed 2013/2014 Budget will focus on providing for the health, safety and welfare of all the citizens of Monroe. This budget will focus on Town needs - the increased maintenance of roads, buildings and our public safety needs, culture and recreation, health and welfare, and our wonderful educational system. Over the next few months our elected officials – the Board of Education, Town Council, Board of Finance and I will work together to provide a budget that drives value in the services provided for our citizens.

Government is the art of discussion, compromise and working towards a common ground. During my, going on three, years in office, we have all worked hard to get the input of all of Monroe's citizens in order to incorporate everyone's thinking into the budget process. I have also worked with our Town department heads and the Board of Education to assure fiscal discipline in every action we take. We urge everyone to be involved in the budget process and look forward to hearing your opinions throughout the deliberations. However, we ask that the rhetoric be restrained and respectful. While we may disagree about the budget, we can all agree that our democratic process should be enhanced, not diminished, during our budget conversation.

#### Preliminary budget estimates

All departments, offices, agencies, boards, commissions, committees and authorities except as provided in the Town Charter, shall submit to the Director of Finance and the First Selectman, by **December 1, 2012** an estimate of proposed revenue and expenditures relating to their respective departments, offices and public bodies for the fiscal year to commence on July 1, 2013. #### **Budget Overview**

The budget proposal that has been given the Town of Monroe is the result of our second referendum not passing the electorates vote. After listening to our elected Board of Education, Town Council, Board of Finance and the many citizens that spoke the night of our Charter required meeting, the results below are the figures that will be voted on May 7<sup>th</sup>.

Local revenue is at a lower level which is reflective of both the local economy and anticipated lower funding from the State. The reduction from anticipated levels in the current year is approximately \$488,090. Flat funding is also expected from the State in regard to education cost sharing. We hope that the State keeps this funding level within their budget deliberations.

The Town operating budget as proposed is an increase in spending of \$824,877. This represents a 4.31% increase of the current budget. The main drivers of this increase are insurance, pension, road repairs, equipment replacements police and town hall renovations.

Debt service has increased by \$145,514 or 2.60% driven by higher principle payments of \$250,000 over the prior year.

The Board of Education budget as presented includes an increase in expenditures for the operating account of \$675,180 or 1.31%.

Total expenditures at present in the budget are \$80,042,285. This represents an increase of \$1,429,661 over the current year's budget or 1.82%.

Funding sources in this budget call for \$350,000 in supplemental taxes which is \$100,000 more than the current year's budget. Prior year's taxes are projected at \$400,000 which is the same as prior year and current year's taxes will increase \$1,817,751 or 2.73%. The Mill Rate increase is 1.15 to 30.41 or 3.93%

This budget keeps us on the right track of fixing what needs to be fixed and addresses many issues that we have all ignored over the years. Our department heads are to be commended for their fiscal constraints while still addressing the many needs of the community. After numerous internal staff meetings, we have compromised additional services and equipment to bring this budget to the level that hopefully finds support with our elected officials and the voters of Monroe.

Stephen J. Vavrek First Selectman

# **EXECUTIVE SUMMARY** 2013-2014

#### **EXECUTIVE SUMMARY**

#### **CRITERIA**:

The recommended 2013-2014 budget maintains services at a modified level for all of our citizens. It addresses some long standing needs as well as other factors which resulted in modifications to previous expenditure levels.

#### REVENUE:

Local revenue expectations were cautiously prepared and take into consideration the economic conditions at the state level as well.

#### **EXPENDITURES**

#### MUNICIPAL:

Expenditures were carefully crafted to include requirements which are important to the safety and overall well being of the community and to sustain service without unduly burdening the taxpayers.

#### DEBT SERVICE:

Last year debt service was positively affected as a result of the refunding of a portion of our previous debt which saved approximately 725,000 in interest cost. The debt service recommended for the 2013/2014 fiscal year reflects the new interest. An estimate has been included under new debt to provide for a continuation of road work and address infrastructure needs.

#### **EDUCATION**

The education budget proposal seeks to maintain the level and quality of programs to the students in the Monroe School system.

#### SUMMARY:

The budget is presented in a format which is compatible with our financial and audit reporting.
